

Welcome to EkovisionPhotos!

This site is presented in Swedish only for the moment being, depending on interest that can change in the future. This document is a guideline to be able to maneuver in the Swedish site.

In the "Bildbank" the Photo Database you can look for pictures of your favorite synchronized skating teams as well as pairs and single skaters from around the globe. The photos are available in size 20x30 cm with a complementary 10x15 cm picture for 200 SEK per picture, shipping costs depend on where the photos are to be sent.

If you are interested in more photos of a special individual or a team you can email a request for a search of our archives at this address:

efterlysning@ekovisionphotos.com we will then get back to you with a number of small photos for you to choose from. You can also ask for pictures of audience, opening ceremonies and other events. Pictures of all synchronized skating teams participating at the WCC in Nottingham 2007 and the senior teams at the world championships in Gothenburg 2005, Prague 2006 and London 2007 are available but not shown on the site (so please ask for them if you are interested).

If you look in the "Aktuellt" you will find information on where we plan to go next, like for example the synchronized skating championships in Hungary 2008. You can tell us of your interest in photos in advanced by emailing us at this address:

If you are interested in a large number of photos then a unique, only for you, designed book might be an interesting option. The 36 pages book is 18,5x18,5 cm and the first book costs 1995 SEK and additional copies costs 495 SEK each, plus shipping costs.

We hope you find some pictures that you like on our website.

Best regards
